Dear Parent/Guardian,

Woori Yallock Primary School is very proud of our excellent curriculum programs that we have in place for the needs and interests for all our students and we look forward to another great year of teaching and learning.

We would like to advise you of Woori Yallock Primary School's voluntary financial contributions for 2024.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support provided by our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all the support you have provided us, whether that is through financial contributions, fundraising or volunteering your time. This has made a huge difference to our school and the programs we are able to offer.

Within our school, this support has allowed us to continue to offer a wider range of specialist subjects. Each year, we continue to enhance digital learning opportunities by updating older devices as required. We provide digital and online subscriptions for learning as well as IT maintenance and system costs.

We continue to purchase classroom materials and equipment and provide photocopying and printing for students.

We have and will continue each year to upgrade our fiction and non-fiction books for all year levels, ensuring our students are reading current literature and our new library will be filled with books that kids can take home. We will also purchase new book club books for our senior school, which keep our kids up to date with a wide variety of high-quality books to read.

We are always grateful that we can continue to support our students by offering a variety of wellbeing programs.

2023 was difficult to complete upgrades to the grounds due to our new school being built, but once the build has been completed in 2024, we will be looking at installing a new playground, electronic sign, a new animal enclosure, a bike rack within a secure shed for any students who ride to school, a ga ga pit, a new shed for our sports equipment, a mural, plus other upgrades.

Refunds

Parent requests for refunds are subject to the discretion of the school and made on a case-by-case basis taking in to account the individual circumstances. Refunds will be provided where the school deems it is reasonable and fair to do so, taking into consideration whether a cost has been incurred. Generally, we will not be able to refund payments made for items purchased or costs that have already been paid where those funds have already been transferred to a third party. For example, the camp costs when a child becomes unwell and cannot attend in circumstances where the payment has already been made or committed to a third party and no refund is available to the school. Where possible, we will make this clear to parents at the time of payment.
